

### **3 – Sports & Physical Activity Strategy**

The new Dundee Sport & Physical Activity Strategy is available for viewing on the Dundee City website with a view to it being approved by committee on 8 March. The strategy encompasses the new Facility and Pitch Strategies and sets out the priorities for sport and physical activity across all Dundee Partnership agencies up to 2015. The year one action plan is being produced at present to start to move the identified areas forward. Regular updates will be available on the council website and directly to partners.
